

OC50 HINGED FIRE DOORS

OCEAN

Certified interior glass partition systems for cruise ships

SKANDI·BO® 

OCEAN OC50 hinged fire doors

The SKANDI-BO OCEAN OC50 hinged fire doors are MED/EC classified from B0 to A60. The doors are for installation in the OC50 Pure Glass partition or in other approved bulkheads.

Advantages:

- The door is mounted only in the glass partition
- Extremely slim aluminium profile design
- Lowest possible weight in the market
- Door closer is integrated in the doorframe and not visible
- The doors are certified without threshold allowing continuous flooring design from room to room

Solutions without treshold

Invisible door closer

Specifications

- Aluminium profile system SKANDI-BO OC50 in standard RAL colours or anodized
- Hinges and handles in Stainless Steel grade 316 as standard
- Fire protective glass from 16 mm to 27 mm as standard depending of the fire class

Door type	Class	Max door dimension		Kgs/m ² *	DNV MED Certificate no.
		Width mm	Height mm		
Single leaf	B0-B15	1000	2200	67	MEDB000046K
Single leaf	A0-A30	1000	2200	67	MEDB000046K
Single leaf	A60	1000	2200	90	MEDB000046H
